

There is just this much about it: Dandruff is a germ disease, is most untidy, amoying, and leads to haldness. When chronic, it is very stubborn, but surely yields to thorough and energetic treatment. All germs must be destroyed, the scalp must be restored to health. Here is the remedy: Ayer's Hair Vigor. Ask your doctor about using it.

NEW SPANISH SOCIETY.

The first Spanish benevolent organi zation in the Islands has been organized under the name of the Victoria-Alfonse Benevolent Society, largely through the efforts of the Spanish Consul Signor Ignacio Arana. It has seventy-five members, all of whom must be Spaniards, and, it seems, still subject to Spain, for several Spaniards who have helped to organize have not besome members themselves on account of American citizenship. The organization of the society is the first sign of activity in community life due to the rgely increased numbers of Spaniards 但是1000000

That an officer from the cruiser quadron will be given the detail as captain of the yard at the local naval station here, is the news from the fleet, and that at least one officer eligible for shore duty in this connection has turned down the proposition is the further rumor that comes from the fight- his post of duty at Washington. ing ships. It is rumored now that there is more likely to be sailing orders for China than Mexico in the near futere, it being the general opinion that the three cruisers will not be in port here more than three weeks after Rear-Admiral Thomas leaves. With the news that has come from the Far East within past two days, the officers here believe it will not be long before sailing orders come from Washington directing them to Tientsin or Cheefoo.

The worst of the Democratic row is

that the principals are more or less in the dark about what it's all over. From appearances, the shrewd move of McCandless to cinch the nomination by having it made next month is going to result in his final elimination from the ticket. In the first place the Hawaitans have decided that this is to convention favoring either party to be a Democratic year and that while the so-called Kuhio-Frear controversy it may be all right for Linekona to or savoring in any way of personalible on tap in the lean years it is by no ties, and that no business of any nameans proper that he should expect to ture be done at the convention other head the ticket when it looks as if the than the selection of the instructed ticket might win. Olive Branch No. 2.

"Accordingly, in order to meet this objection the officers of the League made to the Delegate and his friends a second proposition as follows:

"The members of the Taft Republi-cans' League realize that in attempt ing to make an agreement of the na-ture outlined above they might appear to some to be attemtping to dictate to the Republican party and that they might be subjecting themselves to some possible criticism. However, it has seemed to the members of the league that the welfare of the Republican party required, if possible, harmony within its ranks and every reasonable effort tending to secure such harmony and to avoid a factional fight was ful

ly justified.
"I seemed to the league that the one safe way of bringing about this result would be to cover the entire subject matter to be brought before the convention as fully as possible, even to the extent of agreeing in advance upon the individuals who would be supported for election as delegates, as well as upon the individual to be supported for national committeeman. Unless this course should be followed it seemed to the members of the league that factional fights would be bound to occur and some bitterness stirred up; also that it would be well nigh im possible to prevent personalities from being brought into the campaign.
